# WELCOME TO HAN INTERNATIONAL SCHOOL OF BUSINESS

The International School of Business forms part of HAN University of Applied Sciences. HAN offers loads of professional programs in a wide range of fields. Think about education, social studies and commerce. Communication, business administration and law. Economics, engineering and built environment. Applied sciences and IT & communication. And health, nursing, and sport & exercise. Choose from 63 bachelor programs, 19 master programs and numerous exchange programs. What makes HAN so unique? We combine a solid theoretical basis with practical application in the field. So you're well positioned to enter the job market as soon as you graduate.

HAN International School of Business offers two English-taught bachelor programs: Communication and International Business, with specializations in Finance, Marketing & Sales, Organization & Change and Supply Chain Management. As an exchange student, your classes take place at the International School of Business on our Arnhem campus. The subjects – our "modules" – are taught entirely in English and cover a wide range of topics. From international business and management to marketing. From corporate communication and finance to quality management, distribution and logistics. Each year we welcome about 180 students from our partner universities around the world.

## LIVING IN ARNHEM

HAN University of Applied Sciences is situated in the eastern part of the Netherlands, with campuses in the cities of Arnhem and Nijmegen. Just a few kilometers from the German border. And within easy reach of Amsterdam, London, Paris, Brussels and Berlin. The Netherlands is truly at the heart of Europe! The east of the country offers typical Dutch landscapes with charming scenery. Wide rivers, bridges, dikes and polders. This is a country known for cultural diversity and a relaxed, cosmopolitan lifestyle. Soak it up on a sunny day after your classes, while you enjoy a drink with friends at one of the many outdoor cafés.

HAN International School of Business is situated on our Arnhem Campus. Arnhem offers a variety of eye-catching attractions. From fashion to history. Museums to pubs. And concert halls to nightclubs. Arnhem is located at the epicenter of the province. It virtually sprouts up out of lovely green surroundings. The Veluwe national park on one side. The lush floodplain area on the other.

### 3. DATA DRIVEN DECISION MAKING IN BUSINESS

This is a block semester program: you take all the courses in the program and study with exchange and (international) degree seeking students.

The program prepares you for the rapidly growing use of data science by organizations in all sectors of the economy. You learn critical analysis, evaluation and communication. And how to implement your findings for effective use of the data. Ultimately, you bridge the gap between managers and data scientists.

#### Courses:

- Business intelligence
- Data science for business - the CRISP model for data mining
- Foundation Mathematics & Statistics R & Python
- Introduction to data mining
- Introduction to modelling
- Storytelling with Data - the art of visualization
- Business Project
- Data Science Tools and Techniques

The total number of credits for the semester is 30 ECTS.
