Open Day Programme 30 March 2019

We are looking forward to welcoming you to HAN University of Applied Sciences for our Open Day. During the Open Day you can gather information about our English-taught Bachelors courses and explore our campus and facilities. Meet our lecturers and chat with current students, who are eager to share their first-hand experience of studying at HAN. Take a look around our campus to get a feel of what studying at HAN is like, and whether this is a place where you would like to study.

Below you will find practical information on how to reach the HAN campus, as well as the timetable for the information sessions, which will be held in English. When you arrive at the Open Day, please be sure to register with one of our volunteers.

We hope you enjoy your visit!

Ruitenberglaan 26

Engineering

	10.00	10.15	10.30	10.45	11.00	11.15	11.30	11.45	12.00	12.15	12.30	12.45	13.00	13.15	13.30	13.45	14.00
