²⁾ S6 / PLC: Within the PLC, the students decide which literature they need together with the senior engineer and expert. They also decide together which learning material is needed to carry out the project/research. The expert monitors the level of the literature and learning material.

³⁾ In this column, you will find additional information on how/where to purchase the books. You are free to purchase the books from any bookstore/site or from Studiewinkel.

Below, per semester, are the links to Studiewinkel's site.
